

Detroit Parrot Head Club
Activities and Events - Participation

Revised 12/06/2005

Participation in DPHC activities and events

A. General

1. Parrot Points and Member standing are the criteria for the determination of ticket allocation for Jimmy Buffett concerts thru the Club.
2. The specific designations for Parrot Points are detailed in the DPHC Document, "Detroit Parrot Head Club – Parrot Points".
3. Eligibility does not guarantee a ticket. Each Club is allocated a specific amount to be distributed as fairly and as evenly as possible. Priority is always given to members who are consistently and actively involved in the Clubs activities.
4. The member must adhere to all other ticket policies as outline in the DPHC By-Laws

B. Participation

1. For the purpose of Club ticket allocation the member must be a member in good standing (active or non-active).
2. On an annual basis, the minimum requirements for participation are broken into two categories. A member must meet both of the categories to be considered an active member in good standing. If a member does not meet the two requirements, they will be eligible for tickets but as a non-active member and in a lower tier of eligibility. The requirements are as follows:
 - a. Attendance at four regularly scheduled DPHC monthly social functions with a charity designated i.e. Forgotten Harvest, Turning Point or other charity the Club is supporting for the month, or a "donation" of ten dollars per member/per social function up to forty dollars per member. Monies paid in these cases will go directly to the charity and not to the Club.
 - b. Participation or assistance with three or more charitable, environmental, or community service activities and or events. Participation would include sponsorship by a single member or joint member per activity/event.

The purpose of the "donation" is to allow those members not able or not within the vicinity to attend the required amount of social functions/events that involve charities, to be able to meet the requirements of Section B2 as charity and giving to the community are an important part of the DPHC and Parrot Heads. The payment is set at ten dollars/per member/per meeting up to forty dollars per member, to equate to the amount of time, energy, involvement and dollars of those members able to make the commitment of involvement.
