## Parrot Points

### General

- A. Parrot Points are the “valued” criteria used for the determination of a members eligibility as well as location of tickets for Jimmy Buffett concerts thru the Club
- B. The Calendar for Parrot Points shall be on a “running” basis.
  1. If the concert is “local” to the DPHC then Parrot Points would be zeroed out at the conclusion of the event.
  2. If the concert is out of town for the DPHC then Parrot Points would be used for ticket eligibility/seat location but would not be zeroed out so as to not “punish” those members unable to take the time for a road trip concert.
- C. At any given moment a member will have twelve (12) months worth of points. Points will be readjusted on a monthly basis as the year progresses.

For the purpose of ticket allocation, Parrot Points are distributed in the following amounts:

<b>Become a member of the Board of Directors</b>	<b>25</b>
<b>Become a Chairperson of a Committee</b>	<b>15</b>
<b>Organize a DPHC event</b>	<b>10</b>

### Caveats

1. It is up to each member to sign in at any event to assure themselves of their appropriate points. No documentation means no points.
2. Members should keep track of their own points. We do make mistakes and the “buck stops with the individual”
3. For all items other than “single event” designators, the member must be a member of the particular group for a period of no less than 6 months and be in good standing within that group.
4. This document does not guarantee the member tickets. This simply sets out the guidelines for a member to earn the opportunity to purchase tickets.
5. The member must adhere to all other ticket policies as outlined in the DPHC By-Laws.
