President's Message Lou Ann Tilton

Aloha PH Cruisers ...

Sorry you haven't heard from me much this summer, things have been a bit crazy on this end.

So here is your Island Time...Summer Review!

What did y'all think of "PHlock to the BIG TOP"?

I have to give a BIG thanks to Bill Daugherty and The Staff at Cheeseburger in Paradise for working with us and making our pre-party so awesome. Jack, Don and Air Margaritaville we couldn't have done it without you guys... Thanks so much!!

You Guys Rocked...the Tailgating was awesome. Tony and I went for a walk passing out garbage bags and checkin on the Girls... Robbie, Kari, Tamy and

Kelly at the Margaritaville Foods booths and we saw it ALL tiki bars, pools, sandy beaches, food, drinks and an awesome Volcano spewing a potent concoction by Dave & Tracy. Great Job All...!!

Hope y'all enjoyed the Meet n Greet...I sure did. Peter, Jim, Nadirah and Doyle came out to sign CD's and chat with y'all. It was great ...I stood back and watched y'all having fun chattin and stuff. Geraldyn and Debbie you two where a hoot...one more time and I was going to have the boyz drag your drooling butts off...just kidding luv you guys.

So what did you think of the show...? I thought Jimmy seemed to be really enjoying himself. He played

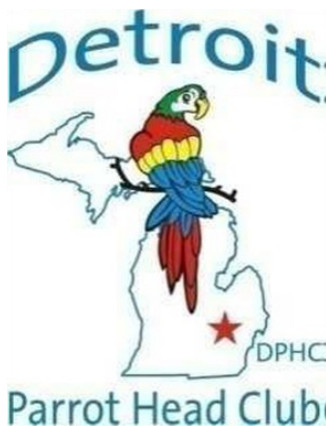

some songs we don't usually hear and the simplicity of the staging seemed to make the whole band pop. I had a great time... hope y'all did too. I left the show horse.

GREAT BIG THANKS... TO EVERYONE WHO SPONSORED, DONATED AND HELPED MAKE THIS A FUN...PARTY WITH A PURPOSE !!

****Buddy Bear...couldn't have done it without you !!!...Love and Kisses ***Huge Thank you to Robbie Gordon for helping me with the shopping, making of the baskets and putting up with me**** Love ya*

We raised \$1,000.00 for Share a Smile and \$70.00 for I'm My Brother's Keeper Pantry.

Kris Heidt took it upon herself to send a shout-out to her neighbors and collected a boat load of towels, sheets and Dawn soap for the Animal Rescue in the Gulf. Sorry to say the stuff didn't make it to the Gulf, but with Kris and Jim's blessings we helped our own neighbors with the Kalamazoo area oil spill. Thank you guys for your kind hearts and generosity.

Did anyone catch Mac in Fern-dale...?? Heard that JB might have been there...send an e-mail, write a review...PH minds would like to know!!

July's Highway clean-up didn't get a great turn out, but those Orange Breasted PH's did get the job done. Sorry I couldn't be there. Andy and gang thank you for making our little piece of MI a bit cleaner.

Our next Highway clean-up date is September 25.

Erik "The Whaleshark" Trop-rocker from Hawaii made a pass through town at Cheese-burger in Paradise. There was a nice gang of phlocker's there to give him a warm welcome back. Montel, Charlie Brown... Jerry you made a lasting impression on Erik with those glasses.

If you didn't get a chance to see the Whaleshark he'll be passing through again in October...you really shouldn't miss him great guy and lots of laughs.

Selfridge AFB Charity Golf Outing... was a hoot as usually. Needed more volunteers but with the short notice I know

more notice for next year. DPHC raised over \$300.00 for their cause MD of Macomb.

Thanks Dan & Elise for the shout-out about Ronald Mc Donald house needing Zip-loc bags and all of you that donated them at Dodge Park... Thanks
Heard the show was great... sorry we missed it.

Boy...if you missed the Camp-out...you missed out. Even though I was feeling like poop I had a great time. Deb Saloka put her heart into making this a great one. No frills just plain fun. Thanks to Paul and Kyle for the great tunes all weekend long. Help from Glen Bob and Keri...Rocky nice fire Friday night. Dave & Tracy thanks for bringing the Volcano out again... Mel for the basket. To everyone great stories, lots of laughs and awesome memories.. "if I were gay I'd do you man" ring a bell Paulie???...oops what happens camping!

Parrot Head Night at the Ball Park...did you get a chance to catch CB or Charlie & Steve from AM before the game...did you get a floppy hat?? 40 PH's made their way to the game... Tigers lost but I think we all had fun anyway. Thank you Fruitcake Mike for taking charge.

And to end this Island Time Review...

I would like to thank everyone for the Birthday well wishes ... my phriends, The AM Boyz and loved ones for making my 50 in Caseville awesome. Bobby you rock!!! Toes in the water...**Your Cruz Director Lou**

2011 Officer Nominations

WOW...Can you believe it's that time again?? I can't ... If you feel the current board has done a good job for y'all this year I'm pretty sure they may all come back and do it again...if you want them to.

BUT...don't be afraid ...IF YOU HAVE SOME TIME TO SPARE...and would like to nominate yourself or someone else please do so. Kris and Jim Heidt have again been gracious enough to take on this endeavor. ..so contact them ALL MONTH (September) at apollomt@hotmail.com with your nominations. They will contact you by e-mail or phone.

***You may go to the Club Website for the Guidelines for President, Vice-President, Treasurer, Secretary and (2) Members at Large. ALSO if you are interested in CHAIRING any of our committee's please feel free to mention that too.

PLEASE SEND A BIO...about yourself and why you may be interested in the position. You may send that to the Editor Keith at keithv001@ymail.com

Detroit DPHC Old Fashion Campout

By: Debbi Roman-Saloka
Wow, what a weekend at Groveland Oaks! I would like to thank everyone that came out for making it such a success! It really was like old times, many familiar

Joe & Eva, Lou, Suzie & Bob, Lisa & Kiwi, Jim & Kris, Little Debbie, Steve & Donna, Dan & Elise, Tommy, Monica, Colin & Little Jacob, our niece, Angie, Jason, Jonathan & Little Parker- I was so pleased to meet new members, The Moody's & The Kinney's - Welcome guys and I do hope you had a great time!

Saturday, my BFF-Jerry,

Dave & Tracy, with volcano in tow, my brother Dave, my niece Emily, John and my baby Kaelyn came for the day, as well at the John Saloka Family to celebrate, my grand nephew, Jonathan's 4th birthday.

We played a few games, which included the Corona Canoe Race for old time sakes, although, rather, then sitting on the ground, everyone chose to sit at picnic tables, which made it much easier for most- Let me just say, the first campout was like 18 years ago, where everyone sat on the ground- do I need to say more? LOL. My son, Kyle put all the music together for the weekend and he and Paul set up the sound, it was almost like having Albert there! Thanks guys!

I would like to thank Mel

Boyd and Lou for donating gift baskets. Lou and the club also donated many of the raffle prizes as well as the hot dog lunch- I so appreciate that! Kari, the piñatas you brought were a big hit for the young and the growing older, but not ups! Thank you! And last but, not least, THANK YOU, GLEN, for helping setting things up and assisting me in collecting all the money- I couldn't have done that without you.

faces and new faces as well!

Paul, myself, Kyle, Austin & Glen arrived early Thursday evening... We worked on getting camp set up as Glen watched Paul, in amazement of how

many lites Paul was putting up on our camper- I'm surprised we didn't brown out the campground!

Then Glen had to pick up Kristen from Dodge Park, I think he was glad to escape the decorating madness going on at the Saloka Camp.

Friday, others started to trickle in- Kari, Molly, Natalie, brother, Dan, Jerry, Rocky, Linda and their sweet grandchildren, Doug,

Volcano in Michigan?

DPHC Rocks Comerica Park

Parrot Head Night at the Ball Park...did you get a chance to catch CB or Charlie & Steve from AM before the game...did you get a floppy hat?? 40 PH's made their way to the game... Tigers lost but I think we all had fun anyway. Thank you Fruit-cake Mike for taking charge.

Lou

Coral Reefers Rock!

Special thanks to Coral Reefers, Doyle Grisham, Nadira Shakoor, Jim Mayer and Peter Mayer for providing a great Meet and Greet for our club.

They stayed til everyone in line was greeted.

Another successful concert season mixed with partying and some charitable fund raising.

Thanks to all that supported the club and enjoyed tropical spirit.

Once again the Detroit Parrothead Club rocked out at the "Knob"

What a great day!

Great friends and awesome weather. The parking lot was the place to be. Oh sure, Jimmy did not disappoint anyone, but as the photos show it was nothing but smiles and jubilation.

Looks like Geralyn had a great time with her old friend Peter Mayer.

Special Thanks to CBIP Bill Daugherty & Staff, Margaritaville Foods, Garden Fresh Foods, Parrot Cove, Bahama Breeze, Head Lines Salon & Spa, Air Margaritaville, Caribbean Blue Band, Don Middlebrook, Speedcult, Tope's Tiki Hut, Title One Inc., Kim Buffa, Karla & Ed Sadler, Robbie Gordon, Judy Culbertson, Glen Bob Montagne, Mary & Jim Brohl, Denise K, Mel Boyd, Tom & Lou Tilton ...and any others I may have forgotten to mention.

Thank you for the donations!

You made our pre-concert party an awesome success!!

It's Back...The Scavenger Hunt...is on!

The Hunt is on...

Saturday October 2 @ 7pm
Lisa Caloia at her horse ranch will again be putting on a hunt to tempt any PH mind...It's a don't miss event. You can go on Face

Book to let her know you are coming. She asks that you BYOB and a dish to pass also dress and shoes for weather. Rain date October 9. Watch for

HERE ARE THE LYRICS TO... COAST IS CLEAR

*from JB's live in the Gulf
show...July 2010*

*Out on our Gulf waters
A different kind of storm
People run for cover
As opinions like clouds form
The Trawler nets are empty
They can see abounds
Nothing like it used to be
Before the circus came to town*

*It was bound to happen
It happened to be here
We're gonna have to work to
see That the Coast is Clear*

*The Gulf is in my body
The Gulf is in my soul
I wish like you that I could
stick a wine cork in the hole*

*Anger makes us doubtful
While fear can cloud the view
I for one don't think we've
done the best that we can do*

*It was bound to happen
Where greed and crude appear
I hope that I'm around to see
When the coast is Clear (I'll Be
Around)*

*It's the place that we all love
Wish it hadn't happen
But we'll still all be here
Living to the day appears
And our Coast is Clear*

So Clear

So Clear

So Clear

I get asked this question often what is a parrot head...?

It seems funny to say we are members of a JB Fan Club. I think back to the days of David Cassidy in those teenie bopper years. Well I found this on line from one of our phriends.

First and foremost, we are a social club (think of other animal clubs: Eagles, Elks, Moose or Ralph Kramden's : Raccoons) PHIP (Parrot Heads in Paradise, our parents) are registered with the IRS as a 501 (c) 7.

The second leg of the 3 legged stool is: we party with a purpose. Our goal, when being social, is to earn money for charity, provide a valuable service, improve the world or generally help others.

The third is that most people in the club like the laid back tropical life style, which includes trop-rock, island and poolside music. Of course Mr. JD Buffett as the King of Somewhere Hot is the principal of our affection.

There are over 230 clubs worldwide. There are over 25,000 card tote'n members and we are in 3 countries.

Usually when talking to someone about the club, they will like at least one of the legs of the stool. If they like two legs, keep talking to them, if they like all three legs...hand them an application and say "welcome to the club"!

Singing for Change...Rhythm with Reason

*When Tom and I made a little trip the island KW.
We had to make a stop at Margaritaville ...yes I know...
Tom came across this guitar pick First in the Series
SUMMERZCOOL he tells me it's for charity*

*...I said "cool what's the charity" Singing for Change
...I thought of Herbie on the street corner in New Orleans.
Long story. Anyway JB started this back in 95...go figure
first I heard of it. Well it's out there to help...over 5 million
in grants have been distributed to orgs. Serving the environ-
ment, children, families and marginalized individuals.*

The Impact of the Oil Spill on Manatees

Although the Deepwater Horizon oil well has been capped and efforts are being made to kill the well permanently, the impact of the spill is far from over. Even after the majority of the oil is removed from the surface of the water and on the shoreline, it will likely take years for the area to recover. It's hard to say what impact the oil spill will have on endangered manatees and other wildlife that inhabit the Gulf of Mexico. But we know one thing for certain – it can't be good.

Thankfully, no manatee deaths have been attributed to the oil spill so far. Estimated to be the worst spill in U.S. history, oil from the Deepwater Horizon well has already covered more than 600 miles of coastline in Louisiana, Mississippi, Alabama, and Florida. To date, over 4,000 birds, turtles, and dolphins have been found dead in the spill area.

In July, Rose flew an aerial survey, looking at the effects of the Gulf oil spill on aquatic habitat and marine life, including

surveying for manatees and other wildlife from Florida to Louisiana. "The damage is undeniable," said Rose. "Even though prevailing winds and storms have kept the majority of the oil offshore and away from the seagrasses and estuaries, they have still been damaged. The vegetation that manatees feed on is especially vulnerable to oil exposure and could be dramatically affected, causing changes in manatee habitat use and potentially driving them to less protected or unregulated areas in their search to find food. I remain convinced that the manatees, dolphins, sea turtles, birds, fish, plants, and people of the Gulf, who I saw first-hand, will be living a nightmare for many more years to come. So much of the spill is hidden beneath the waves in a cocktail so rich in oil, methane, and dispersants that it devours the dissolved oxygen, literally smothering the plankton and larvae of myriad species that sup-

port the Gulf's ecosystem."

One bright spot in the aerial survey was the sighting of two adult manatees cavorting in the surf near Gulf Shores, Alabama. "We were delighted to find the manatees and see that they looked healthy," said Rose.

Throughout the duration of the spill and its aftermath, both Rose and Dr. Katie Tripp, SMC's Director of Science and Conservation,

have been in regular communication with federal and state wildlife agencies to ensure that the Club has firsthand information regarding the spill and associated activities and threats. The agencies have also developed a rescue and recovery plan for manatees should they come into any contact with the oil, and the Club has offered assistance with supplies or any support that may be necessary. According to the U.S. Fish and Wildlife Ser-

In addition, the Club is also working with a coalition of groups calling for a ban on offshore oil drilling along Florida's coasts as well as a federal moratorium on drilling along all of America's coastlines until there has been a full review. "As an aquatic biologist with nearly 40 years studying and protecting manatees, marine mammals and other marine protected species, I have an understanding of the damage that uncontrolled oil releases can cause," said Rose. "The Exxon Valdez, the Trans-Alaskan pipeline, and the Deepwater Horizon were all promised to be safe but have caused great harm to the environment because the appropriate care was not exercised in their construction and/or operation. We need to shift our attention and tax dollars away from drilling and focus on the development of renewable sources of clean energy that will carry us sustainably into the future."
